

Two eclipses in two weeks

July 27 & August 11, 2018

Roman Kostenko – ESOP XXXVII in Rokycany

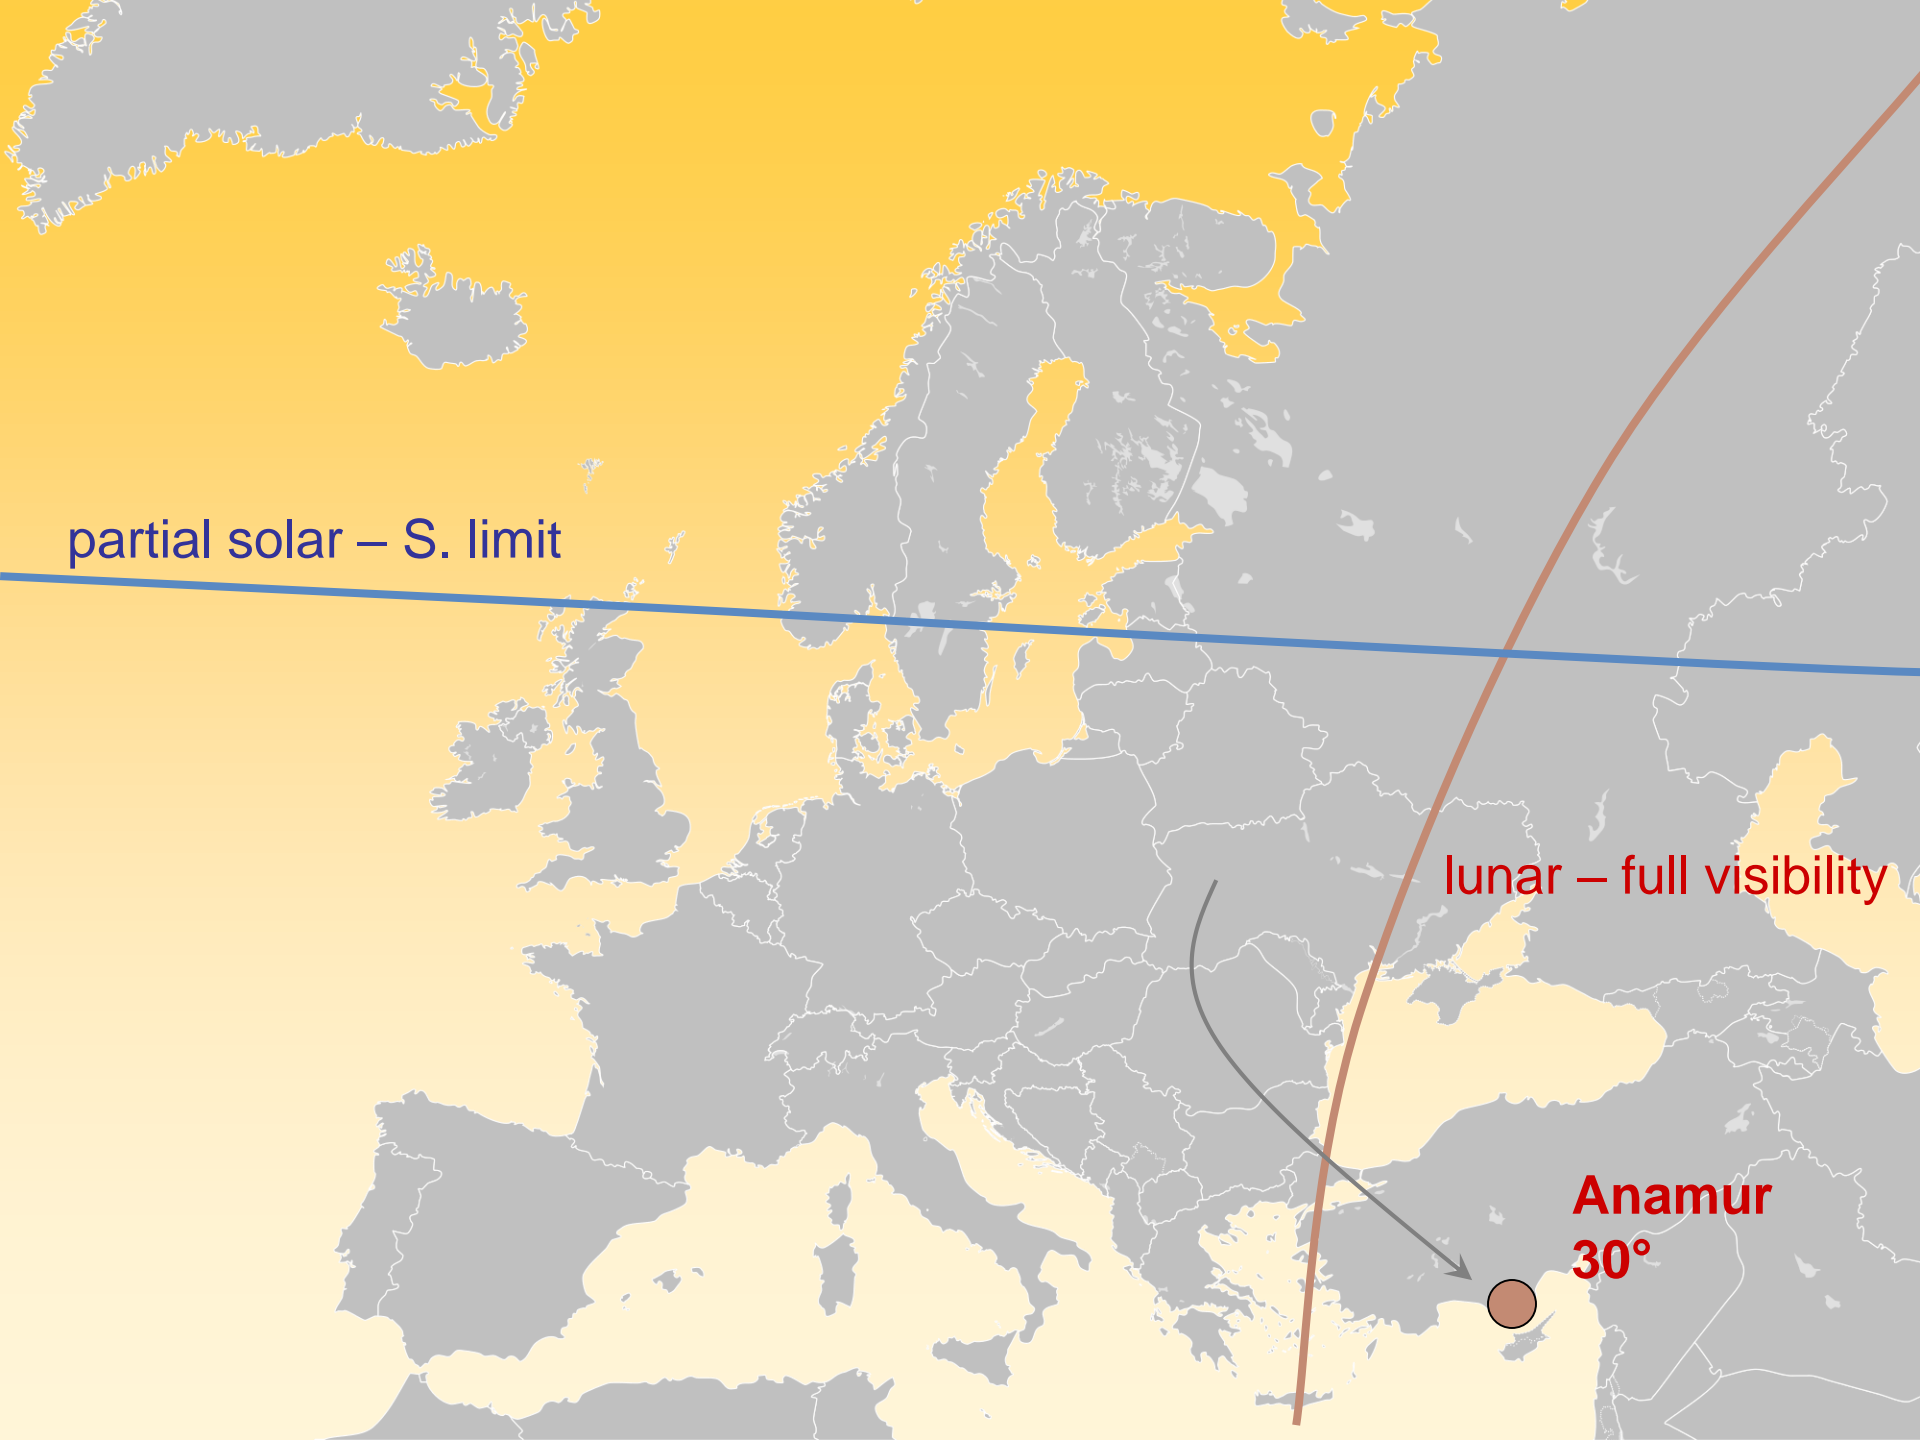

inspired by Bernd Gährken and FC Bayern

partial solar – S. limit

lunar – full visibility

when it comes to planning a family holiday...

partial solar – S. limit

lunar – full visibility

Anamur
30°

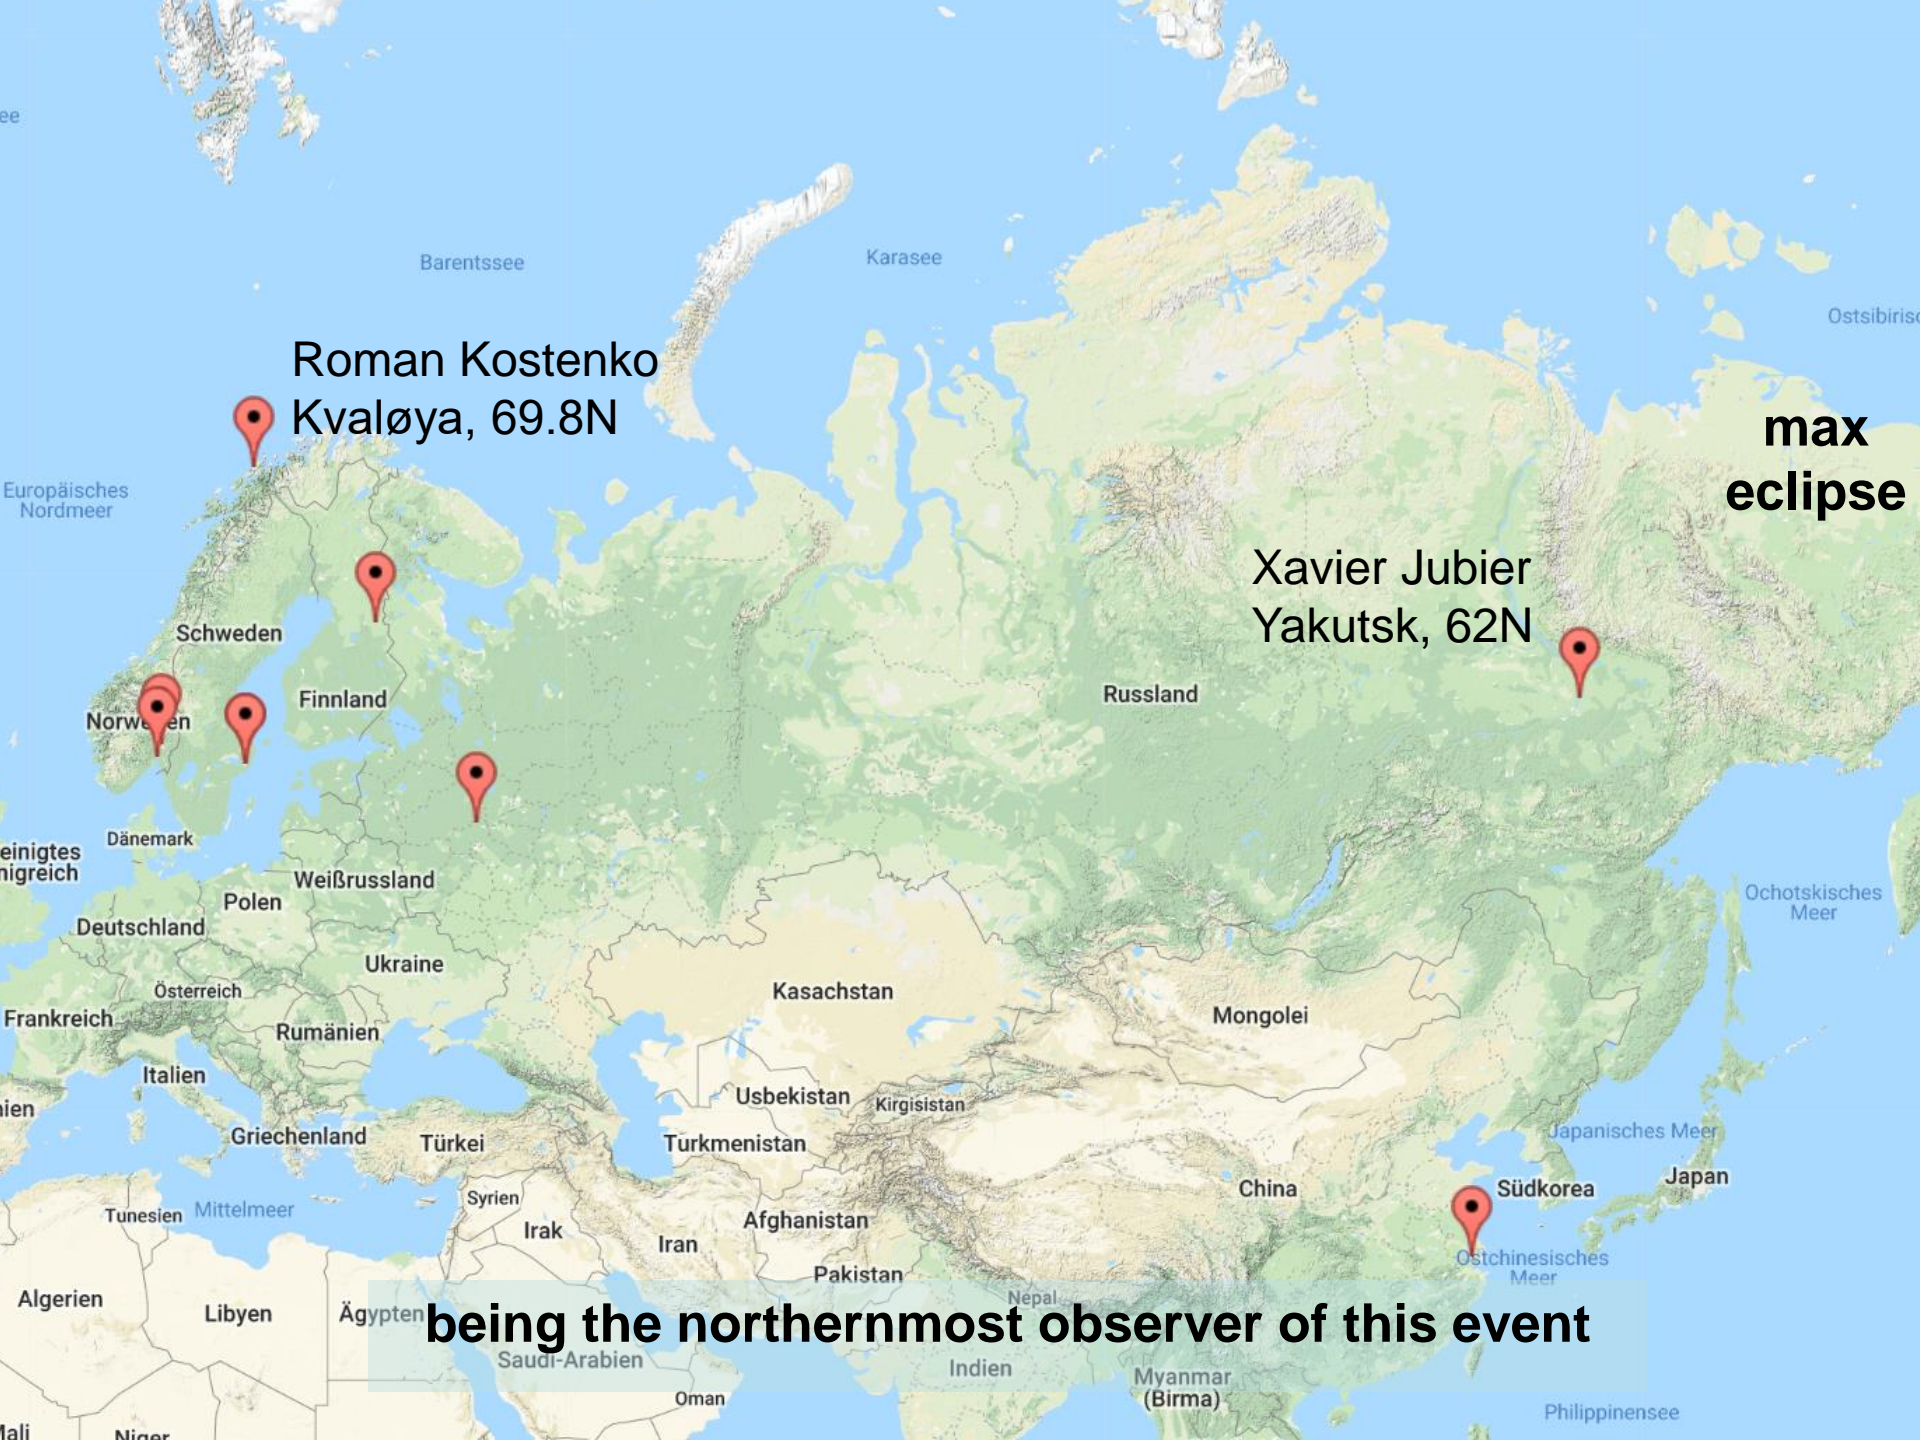

Kvaløya
30%

partial solar – S. limit

lunar – full visibility

Anamur
30°

Roman Kostenko
Kvaløya, 69.8N

max
eclipse

Xavier Jubier
Yakutsk, 62N

being the northernmost observer of this event

max
eclipse

though still far across the Arctic ocean

Ringvassøya

Kvaløya

accidental flyover above the observation site – 36h before

escaping from the clouds

N

mid-eclipse (29.6%)
